CLASS PLACEMENT POLICY & PROCEDURE

RATIONALE

Holy Family Primary School has a procedure in place for allocating students into classes each year. The procedure ensures that the professional judgement of the Learning Space/ Classroom teachers and the School Leadership Team is informed by input from parents and carers and that all available information is applied to the placement process. Although class placements can be a sensitive issue, the interests of all children are paramount to the decisions taken by the school.

AIMS

This procedure aims to:

1. Ensure an equitable outcome for all students;
2. Provide a clear framework to be applied by the Learning Space / Classroom teachers and the School Leadership Team when determining class placements for students; and
3. Provide parents and carers with information on the procedure and opportunities for their input to the process.

PROCEDURE

The following procedures apply when allocating students to class groups for the following year:

1. Individual class placements will be decided by the School Leadership Team in conjunction with the Learning Space/ Classroom Teachers, based on their professional judgement and with consideration of the following factors:
 - * Professional judgement will be informed, in part, by information provided by parents and carers (See 3 below);
 - * Special educational needs of the child;
 - * Overall academic abilities in the class;
 - * Overall social and emotional needs and abilities in the class;
 - * Gender balance;
 - * Class placements in previous years; and
 - * Classroom observations.
2. Parents and carers may provide the School Leadership Team with specific information about their child's learning or social needs that they believe the school may not be aware of. **Such information would not include a request for a particular teacher or what is commonly called "teacher shopping"**. The information should be provided in writing (letter or email) to the Principal by **November 10th / Week 8 of Term 4**. This information will be referenced, along with other available information, during the class placement process. The Leadership Team will manage this process in consultation with parents **and Learning Group Teachers**.
3. Class placements for the year ahead will be communicated to the students in the **last week of the current school year when possible**. This practice means that:

- * Students will know the name of their teacher for the following year;
- * Students will know which other students will be in their class; and
- * Parents and carers will have time to talk positively to their children about the class experiences they may have the following year.
